PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 22 NUMBER 1 JANUARY 1985

CONTENTS

Fluprazine hydrochloride decreases copulation in male rats.
FLANNELLY, K. J., H. L. LIM, M. DIAMOND, D. C. BLANCHARD and R. J. BLANCHARD 1

Studies into the dual effects of serotonergic pharmacological agents on female sexual behaviour in the rat: Preliminary evidence that endogenous 5HT is stimulatory.
HUNTER, A. J., D. R. HOLE and C. A. WILSON 5

Sedation and the stimulus properties of antihistamines.
WINTER, J. C. 15

Relationship between initial sensitivity to ethanol and the high alcohol intake in dependent rats.
MARFAING-JALLAT, P. and J. LE MAGNEN 19

A microgram dose of diazepam produces specific inhibition of ambulation in the rat.
COOPER, S. J. 25

Association of spontaneous and dopaminergic-induced yawning and penile erections in the rat.
HOLMGREN, B., R. URBÁ-HOLMGREN, N. TRUCIOS, M. ZERMENÑO and J. R. EGUÍBAR 31

Effects of intracerebroventricular injection of naloxone on operant feeding and drinking in pigs.
BALDWIN, B. A. and R. F. PARROTT 37

Effects of morphine and LSD on the classically conditioned nictitating membrane response.
SCHINDLER, C. W., I. GORMEZANO and J. A. HARVEY 41

The inhibitory effect of diazepam on defensive burying: Anxiolytic vs. analgesic effects.
TREIT, D. 47

Comparison of anticonvulsive properties of eboracin and phenytoin in mice.
ALEXANDER, G. J., R. B. ALEXANDER, L. M. KOPELOFF and N. CHATTERJIE 53

Central and peripheral contributions to the enhancement of amphetamine anorexia by desmethylimipramine (DMI).
TOWELL, A., P. WILLNER and D. A. BOOTH 57

Intravenous self-administration of nicotine: With and without schedule-induction.
SLIFER, B. L. and R. L. BALSTER 61

Self-regulation of ICSS duration: Effects of anxiogenic substances, benzodiazepine antagonists and antidepressants.
GERHARDT, S. and J. M. LIEBMAN 71

Contents continued

GABA mediation of the central effects of acute and chronic ethanol in mice.
DAR, M. S. and W. R. WOOLES 77

Determination of dopamine, norepinephrine, serotonin and their major metabolic products in rat brain by reverse-phase ion-pair high performance liquid chromatography with electrochemical detection.
KOTAKE, C., T. HEFFNER, G. VOSMER and L. SEIDEN 85

Oral ethanol self-administration in the rat: Effect of naloxone.
SAMSON, H. H. and T. F. DOYLE 91

Neuroleptics block the positive reinforcing effects of amphetamine but not of morphine as measured by place conditioning.
MACKEY, W. B. and D. VAN DER KOOY 101

Low level lead effects on activity under varying stress conditions in the developing rat.
BARRETT, J. and P. J. LIVESEY 107

Effects of chronic lithium, amitriptyline and mianserin on glucoregulation, corticosterone and energy balance in the rat.
STORLEIN, L. H., F. M. HIGSON, R. M. GLEESON, G. A. SMYTHE and D. M. ATRENS 119

Alteration of the neurochemical effects of fenfluramine by previous treatment with *d*-amphetamine.
HUNSINGER, R. N. and M. C. WILSON 127

***d*-Amphetamine induced changes in social interaction patterns.**
SMITH, E. O. and L. D. BYRD 135

Involvement of a GABAergic mechanism in the anticonvulsant effect of pentobarbital against maximal electroshock-induced seizures in rats.
RASTOGI, S. K. and M. K. TICKU 141

Hippocampal muscarinic receptor loss following trimethyl tin administration.
LOULLIS, C. C., R. L. DEAN, A. S. LIPPA, D. E. CLODY and J. COUPET 147

BRIEF COMMUNICATIONS

Enhancement of phenol-induced tremor caused by central monoamine depletion.
SUZUKI, T. and K. KISARA 153

Morphine tolerance and sensitization in the hamster.
SCHNUR, P. 157

Local application of β-phenylethylamine to the caudate nucleus of the rat elicits locomotor stimulation.
DOURISH, C. T. 159

ANNOUNCEMENTS 163

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 22 NUMBER 2 FEBRUARY 1985

CONTENTS

Failure to establish a conditioned place preference with ethanol in rats.
ASIN, K. E., D. WIRTSHAFTER and B. TABAKOFF 169

Chronic naltrexone treatment increases the heroin-produced facilitation of self-stimulation.
SCHENK, S. and E. NAWIESNIAK 175

Apomorphine increases ethanol discrimination.
SCHECHTER, M. D. 179

Effects of vasopressin on noradrenaline-induced cyclic AMP accumulation in rat brain slices.
HAMBURGER-BAR, R. and M. E. NEWMAN 183

Motor hypoactivity induced by neurotensin and related peptides in mice.
MEISENBERG, G. and W. H. SIMMONS 189

Methyl xanthines enhance taste: Evidence for modulation of taste by adenosine receptor.
SCHIFFMAN, S. S., J. M. GILL and C. DIAZ 195

Isolation and striatal (^{3}H) serotonin uptake: Role in the voluntary intake of ethanol by rats.
DAOUST, M., P. CHRETIEN, N. MOORE, C. SALIGAUT, J. P. LHUINTRE and F. BOISMARE 205

Behavioral response to apomorphine and its interaction with opiates in domestic pigeons.
DEVICHE, P. 209

An examination of heroin conditioning in preferred and nonpreferred environments and in differentially housed mature and immature rats.
SCHENK, S., F. ELLISON, T. HUNT and Z. AMIT 215

Serotonin turnover and supersensitivity after neonatal 5,7-dihydroxytryptamine.
MUELLER, R. A., A. TOWLE and G. R. BREESE 221

Effects of prenatal exposure to morphine on the development of sexual behavior in rats.
VATHY, I. U., A. M. ETGEN and R. J. BARFIELD 227

Alcohol effects on plasma luteinizing hormone levels in menopausal women.
MENDELSON, J. H., N. K. MELLO, J. ELLINGBOE and S. BAVLI 233

Pharmacologic characterization of nicotine-induced conditioned place preference.
FUDALA, P. J., K. W. TEOH and E. T. IWAMOTO 237

Injections of atropine into the caudate nucleus impair the acquisition and maintenance of passive avoidance.
PRADO-ALCALÁ, R. A., M. FERNÁNDEZ-SAMBLANCAT and M. SOLODKIN-HERRERA 243

Differences of alteration in opioid systems induced by conditioned suppression and electric footshock in mice.
KAMEYAMA, T., T. NABESHIMA and K. YAMADA 249

Contents continued

Receptor stereospecificity in opiate-ethanol interaction using the preexposure-conditioned taste aversion (CTA) paradigm.
NG CHEONG TON, J. M. and Z. AMIT 255

The acute effects of antidepressant drugs on the performance of conditioned avoidance behavior in rats.
LUCKI, I. and M. S. NOBLER 261

Is there a "serotonergic syndrome" in neonatal rat pups?
RISTINE, L. A. and L. P. SPEAR 265

Evidence of place conditioning after chronic intrathecal morphine in rats.
ADVOKAT, C. 271

Prevention of progesterone-induced lordosis behavior by alpha or beta adrenergic antagonists in ovariectomized estrogen-primed rats.
FERNÁNDEZ-GUASTI, A., K. LARSSON and C. BEYER 279

Tolerance, cross-tolerance, and receptors after chronic nicotine or oxotremorine.
MARKS, M. J. and A. C. COLLINS 283

Learned tolerance to ethanol in a spinal reflex separated from supraspinal control.
JØRGENSEN, H. A., O.-G. BERGE and K. HOLE 293

Passive avoidance deficits in mice following ethylcholine aziridinium chloride treatment.
POPE, C. N., L. F. ENGLERT and B. T. HO 297

Radial maze performance in young and aged mice: Neurochemical correlates.
BERNSTEIN, D., D. S. OLTON, D. K. INGRAM, S. B. WALLER, M. A. REYNOLDS and E. D. LONDON 301

Dopaminergic agents including 3-PPP and its enantiomers on medial septal self-stimulation.
GOWER, A. J. and C. L. E. BROEKKAMP 309

Effects of nicotine on β-endorphin, αMSH, and ACTH secretion by isolated perfused mouse brains and pituitary glands, *in vitro*.
MARTY, M. A., V. G. ERWIN, K. CORNELL and J. M. ZGOMBICK 317

BRIEF COMMUNICATIONS

Intracortical 5,7-dihydroxytryptamine depletes brain serotonin concentrations without affecting spontaneous activity.
BLACK, R. S. and R. G. ROBINSON 327

Lethality of opioid and antihistaminic combinations in mice.
POLING, A., R. G. SEWELL, JR., J. A. GALLUS and N. I. NEARCHOU ... 333

Hyperthermia in the rat from handling stress blocked by naltrexone injected into the preoptic-anterior hypothalamus.
PAE, Y.-S., H. LAI and A. HORITA 337

The Dl dopamine receptor antagonist, SCH 23390 reduces locomotor activity and rearing in rats.
HOFFMAN, D. C. and R. J. BENINGER 341

Changes of HDL-lipid composition as related to Δ^9-THC action.
KALOFOUTIS, A., A. DIONYSSIOU-ASTERIOU, C. MARAVELIAS and A. KOUTSELINIS 343

Efficacy of trazodone as an anti obsessional agent.
PRASAD, A. 347

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 22 NUMBER 3 MARCH 1985

CONTENTS

Articles

Modifications in adrenal hormones response to ethanol by prior ethanol dependence.
GUAZA, C. and S. BORRELL 357

Inhibition of mating by naloxone or morphine in recently castrated, but not intact male rats.
LIEBLICH, I., M. J. BAUM, P. DIAMOND, N. GOLDBLUM, C. ISER and C. G. PICK 361

Involvement of the serotonergic system in the prolongation of pentobarbital sleeping time produced by prostaglandin D_2.
HOLLINGSWORTH, E. B. and G. A. PATRICK 365

The effects produced by prostaglandin D_2 on serotonin turnover and release and tryptophan uptake.
HOLLINGSWORTH, E. B. and G. A. PATRICK 371

Manipulations of 5-HT activity and memory in the rat.
LALONDE, R. and V. VIKIS-FREIBERGS 377

Evidence that tolerance develops to the anxiolytic effect of diazepam in rats.
TREIT, D. 383

Effects of phenytoin, phenobarbital, and valproic acid, alone and in selected combinations, on schedule-controlled behavior of rats.
PICKER, M., J. THOMAS, C. KOCH and A. POLING 389

Potentiation of morphine analgesia by subanesthetic doses of pentobarbital.
PONTANI, R. B., N. L. VADLAMANI and A. L. MISRA 395

Naltrexone fails to suppress spontaneous locomotor activity in hamsters.
LOWY, M. T., S. SANGIAH and G. K. W. YIM 399

Increased investigative activity after presynaptic dopaminergic stimulation measured by a fixed-interval recording procedure.
HÖGLUND, A. U. and B. J. MEYERSON 403

Alloxan-induced glucoprivic feeding deficits are blocked by D-glucose and amygdalin.
MURNANE, J. M. and S. RITTER 407

Suppression of male copulatory behavior by Δ^9-THC is not dependent on changes in plasma testosterone or hypothalamic dopamine or serotonin content.
SHRENKER, P. and A. BARTKE 415

Contents continued

Interactive effects of caffeine, 2-chloroadenosine and haloperidol on activity, social investigation and play fighting of juvenile rats.
HOLLOWAY, W. R., JR. and D. H. THOR 421

Monoaminergic and local anesthetic components of cocaine's effects on kindled seizure expression.
RUSSELL, R. D. and J. S. STRIPLING 427

Dose-related effects of pentobarbital on the genetic differences seen between paired, Roman high- or low-avoidance rats in a shuttle box.
DRISCOLL, P. and R. STÜBI 435

Naltrexone's influence on neurobehavioral development.
ZAGON, I. S. and P. J. McLAUGHLIN 441

Effects of caffeine and L-PIA on rats with selective damage of the hippocampal system.
SHULL, R. N. and F. A. HOLLOWAY 449

Locomotor response of nialamide pretreated old rats to intraaccumbens dopamine.
COUSIN, K. M., N. J. URETSKY and M. C. GERALD 461

Supra-additive toxic interaction of nicotine with antihistamines, and enhancement by the proconvulsant pentylenetetrazole.
SEWELL, R. G., K. P. NANRY, J. KENNEDY, T. R. STIGER and R. E. HARMON 469

Comparative behavioral effects of CNS cholinesterase inhibitors.
MOSS, D. E., L. A. RODRIGUEZ and S. B. McMASTER 479

Toward understanding ethanol's capacity to be reinforcing: A conditioned place preference following injections of ethanol.
REID, L. D., G. A. HUNTER, C. M. BEAMAN and C. L. HUBBELL 483

Altered responses to serotonergic agents in Fawn-Hooded rats.
GUDELSKY, G. A., J. I. KOENIG and H. Y. MELTZER 489

Ethanol-induced inhibition of the drinking response to hypertonic saline in the rat.
HEYWARD, P. and G. EISENHOFER 493

Brief Communication

Cold-restraint stress and urinary endogenous β-phenylethylamine excretion in rats.
SNODDY, A M., D. HECKATHORN and R. E. TESSEL 497

Announcements 501

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 22 NUMBER 4 APRIL 1985

CONTENTS

Articles

Morphine and naloxone effects on tonic immobility and the dorsal immobility response in the rat.
SMITH, R. L. and M. E. MEYER 505

Role of brain neurotransmitters on neurotensin-induced gastric cytoprotection.
HERNANDEZ, D. E., D. A. STANLEY, M. C. ALLEN and A. J. PRANGE, JR. 509

Phencyclidine-like effect of cyclazocine on pentylenetrazol-induced seizures in laboratory animals.
SAGRATELLA, S., T. NIGLIO, E. ORTOLANI, A. SCOTTI DECAROLIS and A. PÉZZOLA 515

Differential effects of pimozide on response-rate and choice accuracy in a self-stimulation paradigm in mice.
BOWERS, W., M. HAMILTON, R. M. ZACHARKO and H. ANISMAN 521

Both response effort and current intensity affect self-stimulation train duration thresholds.
FRANK, R. A. and H. P. WILLIAMS 527

Intracortical glutamate injection produces helpless-like behavior in the rat.
PETTY, F., C. McCHESNEY and G. KRAMER 531

Dopamine-beta-hydroxylase inhibitors, feeding and locomotor activity: Reinstatement of feeding following central norepinephrine.
EVANS, K. R., R. J. BENINGER and R. EIKELBOOM 535

Effects of neuroleptics on rate and duration of operant versus reflexive licking in rats.
GRAMLING, S. E. and S. C. FOWLER 541

Effect of chronic apomorphine on the development of denervation supersensitivity.
ROBIN, M., C. FORLER and M. G. PALFREYMAN 547

Effect of β-adrenergic antagonists on experimentally induced drinking in female rats.
KATOVICH, M. J. and C. C. BARNEY 553

Effects of chronic LiCl and RbCl on muricide induced by midbrain raphe lesions in rats.
YAMAMOTO, T., H. ARAKI, Y. ABE and S. UEKI 559

Serotonin antagonist pirenperone inhibits sexual behavior in the male rat: Attenuation by quipazine.
MENDELSON, S. D. and B. B. GORZALKA 565

Tolerance to behavioral effects of clonidine after chronic administration of morphine.
McKEARNEY, J. W. 573

Contents continued

Effects of selective dopamine receptor agonists in rats trained to discriminate apomorphine from saline.
WOOLVERTON, W. L., J. B. KAMIEN and L. I. GOLDBERG 577

Toluene and ethanol effects on baboon match-to-sample performance: Possible synergistic action.
GELLER, I., R. J. HARTMANN, V. MENDEZ and E. M. GAUSE 583

Pancreatic and intestinal digestive enzymes in post-weanling rats with hypothalamic obesity.
BERNARDIS, L. L., P. C. LEE, S. BROOKS and E. LEBENTHAL 589

Interactions between enkephalin and dopamine in the control of locomotor activity in the rat: A new hypothesis.
AGMO, A. and N. DE AVILA 599

Behavioral consequences of perinatal hypothyroidism in postnatal and adult rats.
COMER, C. P. and S. NORTON 605

Potentiative action of α- and β-adrenergic receptor stimulation in inducing lordosis behavior.
FERNÁNDEZ-GUASTI, A., K. LARSSON and C. BEYER 613

Augmented depression and reduced excitability of the central nervous system (CNS) by cadmium in the rat.
HALL, C. E., D. NASSETH and S. HUNGERFORD 619

Genetically determined differences in acute responses to diisopropylfluorophosphate.
SMOLEN, A., T. N. SMOLEN, J. M. WEHNER and A. C. COLLINS 623

Habituation to repeated stress is stressor specific.
KANT, G. J., T. EGGLESTON, L. LANDMAN-ROBERTS, C. C. KENION, G. C. DRIVER and J. L. MEYERHOFF 631

Effects of betaine on seizures in the rat.
GHOZ, E. H. and W. J. FREED 635

Brief Communications

Prevention of strychnine-induced seizures and death by the N-methylated glycine derivatives betaine, dimethylglycine and sarcosine.
FREED, W. J. 641

Prolongation of latencies for passive avoidance responses in rats treated with aniracetam or piracetam.
YAMADA, K., T. INOUE, M. TANAKA and T. FURUKAWA 645

Stereospecific reduction by narcotic antagonists of clonidine-induced food intake.
KATZ, N. L., R. F. SCHLEMMER, JR. and D. P. WALLER 649

Ketamine-induced locomotion in rats in an open-field.
HETZLER, B. E. and B. SWAIN-WAUTLET 653

Announcements 657

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 22 NUMBER 5 MAY 1985

CONTENTS

Articles

Haloperidol and nonreinforcement produce different patterns of response slowing in a food reinforced runway task.
WIRTSHAFTER, D. and K. E. ASIN 661

Brain amines and effects of chlordiazepoxide on motor activity in response to stress.
FREEMAN, G. B. and J. B. THURMOND 665

Comparison of anorexia and motor disruption by cyclazocine and quipazine.
HENCK, J. W., D. H. REZABEK and R. H. RECH 671

The $5HT_2$ antagonist pirenperone reverses disruption of FR-40 by hallucinogenic drugs.
MOKLER, D. J., K. W. STOUDT and R. H. RECH 677

Increased sensitivity to serotonergic agonists after repeated electroconvulsive shock in rats.
WIELOSZ, M. 683

Effects of ovariectomy and estrogen replacement on intrastriatal dopamine-elicited postural deviation.
SMITH, R. L. and C. VAN HARTESVELDT 689

Lithium effects on position learning with exploratory and aversive goal-box conditions.
HINES, G. 695

Autoradiographic localization of kappa opiate receptors in CNS taste and feeding areas.
LYNCH, W. C., J. WATT, S. KRALL and C. M. PADEN 699

Continuous infusion of aldosterone: Correlates of body weight gain.
DEVENPORT, L. D., K. G. GOODWIN and P. M. HOPKINS 707

A possible role for beta-adrenergic receptors in the expression of audiogenic seizures.
LINTS, C. E. and C. NYQUIST-BATTIE 711

Effects of psychotropic drugs on discrimination conditioning in olfactory bulbectomized rats.
GOMITA, Y., N. OGAWA and S. UEKI 717

Structure-activity studies on methoxy-substituted phenylisopropylamines using drug discrimination methodology.
GLENNON, R. A., R. YOUNG and A. E. HAUCK 723

Effects of phencyclidine (PCP)-like drugs on turning behavior, ^{3}H-dopamine uptake, and ^{3}H-PCP binding.
JOHNSON, K. M. and L. D. SNELL 731

Contents continued

Sensitivity changes to dopaminergic agents in fine motor control of rhesus monkeys after repeated methamphetamine administration.
ANDO, K., C. E. JOHANSON, L. S. SEIDEN AND C. R. SCHUSTER 737

Effects of aniracetam on delayed matching-to-sample performance of monkeys and pigeons.
PONTECORVO, M. J. and H. L. EVANS 745

Clonazepam-induced hyperphagia in nondeprived rats: Tests of pharmacological specificity with Ro5-4864, Ro5-3663, Ro15-1788 and CGS 9896.
COOPER, S. J. and D. B. GILBERT 753

Neuroleptic-induced deficits in operant responding for temperature reinforcement.
ETTENBERG, A. and H. J. CARLISLE 761

Naltrexone antagonizes the biobehavioral adaptation to cold water stress in rats.
GIRARDOT, M.-N. and F. A. HOLLOWAY 769

Synergism between caffeine and dl-phenylpropanolamine on brown adipose tissue thermogenesis in the adult rat.
WELLMAN, P. J. and M. M. MARMON 781

Pimozide decreases the positive reinforcing effects of sham fed sucrose in the rat.
GEARY, N. and G. P. SMITH 787

Continuous infusion of naloxone: Effects on behavior and oxygen consumption.
MALIN, D. H., J. G. LEAVELL, K. FREEMAN, W. C. KINZLER and M. A. REAGAN 791

Effects of toluene, halothane and ethanol vapor on fixed-ratio performance in mice.
MOSER, V. C. and R. L. BALSTER 797

Stress produces opioid-like effects on investigatory behavior.
ARNSTEN, A. F. T., C. BERRIDGE and D. S. SEGAL 803

Acute alcohol intoxication and body composition in women and men.
GOIST, K. C., JR. and P. B. SUTKER 811

Methylxanthine discrimination in the rat: Possible benzodiazepine and adenosine mechanisms.
HOLLOWAY, F. A., H. E. MODROW and R. C. MICHAELIS 815

Meeting Report

Symposium on alpha adrenoceptor distribution and function 825

Distribution and function of peripheral α-adrenoceptors in the cardiovascular system.
RUFFOLO, R. R., JR. 827

Heterogeneity of alpha-2 adrenergic receptors.
BYLUND, D. B. 835

Pharmacology of spinal adrenergic systems which modulate spinal nociceptive processing.
YAKSH, T. L. 845

The alpha-adrenergic receptor: Radiohistochemical analysis of functional characteristics and biochemical differences.
UNNERSTALL, J. R., I. FERNANDEZ and L. M. ORENSANZ 859

VOLUME INDEX

Electrophysiological assay and characterization of central adrenoceptors: Techniques and neuropharmacology.
MARWAHA, J. and A. L. CURTIS 875

Brief Communications

Effects of clonidine and yohimbine on the social play of juvenile rats.
NORMANSELL, L. and J. PANKSEPP 881

Effects of quipazine and methysergide on play in juvenile rats.
NORMANSELL, L. and J. PANKSEPP 885

***p*-Chloroamphetamine: Effect on sleep and respiration in the rat.**
DEMESQUITA, S. 889

Cholecystokinin and bombesin suppress operant responding for food reward.
BABCOCK, A. M., M. LIVOSKY and D. D. AVERY 893

Effects of chronically administered nicotine and saline on motor activity in rats.
CRONAN, T., J. CONRAD and R. BRYSON 897

Sensitization of rotational behavior produced by a single exposure to cocaine.
LIN-CHU, G., T. E. ROBINSON and J. B. BECKER 901

Clonidine reverses methylxanthine-induced potentiation of baclofen antinonciception.
STEARDO, L. and J. SAWYNOK 905

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 22 NUMBER 6 JUNE 1985

CONTENTS

Eulogy v

Cathinone, Cocaine and Methamphetamine: Similarity of Behavioral Effects.
SCHECHTER, M. D. and R. A. GLENNON 913

Behavioral responses of high and low active male rats to the chronic ingestion of desipramine.
ECHANDÍA, E. L. R., S. T. BROITMAN and M. R. FÓSCOLO 917

Indomethacin facilitates acute tolerance to and dependence upon morphine as measured by changes in fixed-ratio behavior and rectal temperature in rats.
NIELSEN, J. A. and S. B. SPARBER 921

Central administration of prostaglandin E_2 facilitates while F_{2a} attenuates acute dependence upon morphine in rats.
NIELSON, J. A. and S. B. SPARBER 933

Effects of the β-carboline, FG 7142, in the social interaction test of anxiety and the holeboard: Correlations between behaviour and plasma concentrations.
FILE, S. E., S. PELLOW and C. BRAESTRUP 941

Involvement of dopamine in the aversive stimulus properties of cocaine in rats.
HUNT, T., L. SWITZMAN and Z. AMIT 945

Opiate self-administration in adult offspring of methadone-treated female rats.
HOVIOUS, J. R. and M. A. PETERS 949

Barbiturate tolerance and dependence: Effects on synaptosomal sodium transport and membrane fluidity.
MITCHELL, M. A., J. PERIS and R. A. HARRIS 955

**Acute soman effects in the juvenile baboon:
Effects on a match-to-sample discrimination task and on total blood acetylcholinesterase.**
GELLER, I., R. J. HARTMANN, E. MORAN, B. Z. LEAL, R. J. HAINES and E. M. GAUSE 961

LHRH and mating behavior: Sexual receptivity versus sexual preference.
DUDLEY, C. A. and R. L. MOSS 967

Dissociation of tolerance to the hypothermic and tachycardic effects of ethanol.
PERIS, J. and C. L. CUNNINGHAM 973

Effect of DL-erythro-dihydroxyphenyserine on the locomotor activity of the mouse.
MORI, T., T. NAKAJIMA, H. HASHIMOTO, T. NOTO and N. KATO 979

The development of Type I and Type II benzodiazepine receptors in the mouse cortex and cerebellum.
GARRETT, K. M. and B. TABAKOFF 985

MORI, T., T. NAKAJIMA, H. HASHIMOTO, T. NOTO and N. KATO 979

The development of Type I and Type II benzodiazepine receptors in the mouse cortex and cerebellum.
GARRETT, K. M. and B. TABAKOFF 985

Contents continued

The influences of ethanol and other factors on the excretion of urinary salsolinol in social drinkers.
HIRST, M., D. R. EVANS, C. W. GOWDEY and M. A. ADAMS 993

Asymmetrical effect of unilateral cortical lesions and amphetamine on DRL-20: A time-loss analysis.
KUBOS, K. L., J. V. BRADY, T. H. MORAN, C. H. SMITH and R. G. ROBINSON 1001

Effects of triethyl lead on hot plate responsiveness and biochemical properties of the hippocampus.
BONDY, S. C., J. S. HONG, H. A. TILSON and T. J. WALSH 1007

Effects of TRH, ethanol, and TRH-ethanol combination on activity in rats with altered monoamine content.
BREESE, G. R., S. COYLE, G. D. FRYE and R. A. MUELLER 1013

Neonatal exposure to DES in BALB/c male mice: Effects on pituitary-gonadal function.
DALTERIO, S., A BARTKE, R. STEGER and D. MAYFIELD 1019

A facilitatory role for serotonin in the sexual behavior of the female rat.
MENDELSON, S. D. and B. B. GORZALKA 1025

Opiate antagonism reduces placentophagia and pup cleaning by parturient rats.
MAYER, A. D., P. L. FARIS, B. R. KOMISARUK and J. S. ROSENBLATT 1035

Norepinephrine-facilitated eating: reduction in saccharin preference and conditioned flavor preferences with increase in quinine aversion.
MATTHEWS, J. W., E. L. GIBSON and D. A. BOOTH 1045

High proline levels in the brains of mice as related to specific learning deficits.
BAXTER, C. F., R. A. BALDWIN, J. L. DAVIS and J. F. FLOOD 1053

Effects of opioids and phencyclidine in combination with naltrexone on the acquisition and performance of response sequences in monkeys.
MOERSCHBAECHER, J. M., D. M. THOMPSON and P. J. WINSAUER 1061

Brief Communications

Self-administration of phentermine by naive rats: Effects of body weight and a food delivery schedule.
PAPASAVA, M., G. SINGER and C. L. PAPASAVA 1071

Neonatal 6-hydroxydopamine potentiates clonidine's locomotor effects throughout maturation in the rat.
SMYTHE, J. W. and B. A. PAPPAS 1075

APA Meeting 1079

Index 1089
